British Journal of Orthodontics

Volume 14 (1987)

Subject Index

Announcements 66, 124, 206, 321

Begg Appliance
A high pull torquing auxiliary for use with the—(Hale) 169
Book Reviews 64, 124, 203, 319

Case Report
— of a Class II Div 2 malocclusion treated only with removable appliances incorporating a functional appliance system and EOT (Hall) 49
— of superimposition on cranial base (McDonald) 115
Early management and histology of a severely malformed upper incisor (Patterson et al.) 101
Iatrogenic root resorption of upper permanent molars associated with orthodontic treatment (Hill) 109
Tooth resorption in the two stage transplantation technique—(Cobley, Roberts) 91
Cephalometry
Adult cephalometric norms for Saudi Arabians with a comparison of values for Saudi and North American Caucasians (Shalhoub et al.) 273
An interactive computer program for recording and analysing longitudinal cephalometric growth material (Bhatia) 299
Cephalometric landmark identification with the petrous temporal region (Chate) 33
Evaluation of the Bergen Cephalometric Norms: a radiological and statistical appraisal (Järvinen) 95
Class II Div 1
Dentofacial changes in untreated—subjects (Carter) 225
Class II Div 2
— treated with a removable appliance incorporating a functional appliance and EOT (Hall) 49
Class III
Changes in soft tissue profile during the treatment of—malocclusion (Kerr, Ten Hove) 243
Cleft lip and palate
Growth study including stereophotogrammetry of a pair of monozygotic twins, one having a— (Burke, Hughes) 73
Cleidocranial dysostosis
Surgical and orthodontic management of unerupted teeth in—(Davies et al.) 43

Dental attractiveness
Validity and reproducibility of rating—from study casts (Woolass, Shaw) 187
Dentinal Dysplasia
—Type 1. A subclassification (Scola, Watts) 175
Directory of Associations 70, 131, 209, 326
Directory of Full Time Postgraduate Orthodontic Courses in the UK 323

Editorial 63, 121, 197, 305
Education
The development of dental—in the United Kingdom with special reference to orthodontics: 1986 Northcroft Memorial Lecture (Tv ley) 217
The teaching of undergraduate orthodontics in Nigeria (Isiekwe) 269
The training of future orthodontic consultants in the United Kingdom—Guest Editorial (Orton) 305
Enamel etching
The effects of differing etch times on the etch patterns on enamel of unerupted and erupted human teeth examined using the scanning electron microscope (Oliver) 105
Extractions
The criteria for lower second molar—(Dacre) 1

Fixed appliance therapy
arch dimensional changes during and following—(Ho. Kerr) 293
Fracture of polycarbonate edgewise brackets
— : a clinical and SEM study (Aird, Durning) 191
Free gingival graft
The use of an autogenous—in the combined orthodontic and periodontal management of a buccally ectopic maxillary canine (S P Jones) 155

Growth
An interactive computer program for recording and analysing longitudinal cephalometric growth material (Bhatia) 299
—study including stereophotogrammetry of a pair of monozygotic twins, one having a cleft lip and palate (Burke, Hughes) 73

Headgear
An investigation into the reliability of the timing—(Banks, Read) 263

Indirect bonding
—using a visible light cured adhesive (Read) 137
Infant palate
An investigation of the features of the pre-term—and the effect of prolonged orotracheal intubation with and without fixed appliances (Ash, Moss) 253

Interview
An—with Professor J R E Mills 309
Intubation
An investigation of the features of the pre-term infant palate and the effect of prolonged orotracheal—with and without Fixed Appliances (Ash, Moss) 253

Letters to the Editor 66, 123, 211, 329
Light activated bonding
A clinical trial of a—material over an eighteen month period (Lovius et al.) 11
Indirect bonding using a visible light cured adhesive (Read) 137
Lower second molar extractions
Criteria for— (Dacre) 1

Malformed upper incisor
Early management and histology of a severely—(Patterson et al.) 101
Maxillary canines
—eruption associated with tooth resorption (Knight) 21
Supplemental maxillary deciduous canines (Ismail) 251
The use of an autogenous free gingival graft in the combined orthodontic and periodontal management of a buccally ectopic—(S P Jones) 155
Meetings and Conference Reports 125, 205
Meetings Calendar 68, 130, 208, 326
Membership Information
BSSO 128
BAO 129
Monozygotic twins
growth study including stereophotogrammetry of a pair of—, one having a cleft lip and palate (Burke, Hughes) 73

Nigeria
The teaching of undergraduate orthodontics in—(Isiekwe) 269
Northcroft memorial Lecture
The development of dental education in the United Kingdom with Special reference to orthodontics: 1986—(Tulley) 217

Occlusal function
A test for—(Omar et al.) 85

Palatal arches
Methods of attachment for —: an evaluation (Cook) 285
Prevalence of malocclusion
Malocclusion and facial types in a group of Saudi Arabian patients referred for orthodontic treatment: a preliminary study (W B Jones) 143
Profile changes
Changes in soft tissue profile during the treatment of Class III malocclusion (Kerr, Ten Hove) 243

Radiography
Radiographic localization of Unerupted teeth in the anterior part of the maxilla: a survey of methods currently employed (Southall, Gravely) 235
Research Reports 59, 313
Resorption
Iatrogenic root—of upper first permanent molars associated with orthodontic treatment (Hill) 109
Tooth—associated with the eruption of maxillary canines (Knight) 21
Tooth—in the two stage transplantation technique: a case report (Cobley, Roberts) 91
Retention
A new solution to a difficult problem of orthodontic—(Reid, Stirrups) 281

Screening of patients
The screening and categorization of patients: a case for natural selection? (Robertson et al) 181
Soft tissues
Changes in—profile during the treatment of Class III malocclusion (Kerr, Ten Hove) 243
Stereophotogrammetry
Growth study including—of a pair of monozygotic twins, one having a cleft lip and palate (Burke, Hughes) 73
Superimposition
—on cranial base: a case report (McDonald) 115
Surgical and orthodontic management
—of unerupted teeth in cleidocranial dysostosis (Davies et al.) 43

Torque
A high pull torquing auxiliary for use with the Begg Appliance (Hale) 169
Torquing in class: an interesting twist for orthodontists (Davis) 199
Transplantation
Tooth resorption in the two stage—technique: a case report (Cobley, Roberts) 91
Travelling microscope
Operational performance of the—in the measurement of dental casts (Bhatia, Harrison) 147
Treatment Study Group, a Case Report 49

Unerupted teeth
radiographic localization of—in the anterior part of the maxilla: a survey of methods currently employed (Southall, Gravely) 235
Untreated Class II Div 1
Dentofacial changes in—subjects (Carter) 225

Wire mechanics
The mechanics of looped arches with non-parallel or angulated legs (Waters, Ward) 161
Torquing in class: an interesting twist for orthodontist (Davis) 199
